

**NO. 1—JOB APPLICANTS AND VISITORS TO THE Y-12 PLANT NOW enter the area from the Central Parking Lot through this corridor to Bldg. 9704-2 in the background. No. 2—A bright, airy and comfortable room with cushioned theater seats is provided for employment applicants in the reception room. In rear Bonnie Duff obtains information from a potential employee. No. 3—A job applicant provides further information regarding himself to Louise Gardipee in the Employment Office. No. 4—After employment the newcomer to Y-12 had his badge picture made in the Clearance and Pass Office. Juanita Reed, foreground, sets up the name and number of a new employee as Otis Rackley, in white shirt and back to camera, prepares to photograph the newcomer. In the lower row are shown pictures of other offices in the Personnel Department where important records of employees are kept. No. 5—Carl A. Cooper, Sr.,**

**left rear, Wage Standards Supervisor, confers in his office with James Whitcomb, Industrial Engineer in the department. Elogene Hale is shown in the foreground. No. 6—Vital personnel records for all Y-12ers are kept in this big office in a vault just off the main Employment Office which necessarily is visited by many Y-12ers concerned with the records. From left in the picture are Judy Reeves, Meta Butler, Chief Personnel Record Clerk; Cooper, Helen Ross, Arnold Tiller, Personnel Services Coordinator; Sarah Williams, Pat Hamrick, Employment Interviewer; Edna Kennedy, standing; and Sue Wassom, seated. No. 7—Insurance and hospitalization records are kept by this group, consisting of Tiller and Evelyn Allen in the foreground with Philomena Graham and Rosemary Longsjoen in the background. Harry Young, also a member of this group, was not present when picture was made.**

## Personnel Department Moved To Bldg. 9704-2

### Clearance And Pass Office Also There

"Operation Moving Day" for the Personnel Department of the Industrial Relations Division and some groups of the Plant Protection Division from the North Portal to spic and span new quarters in Bldg. 9704-2 was completed last week. Included in the move were the Employment Office, Wage Standards, Personnel Records and Insurance and Hospitalization Office of Industrial Relations and the Clearance and Pass Office of the Plant Protection Division.

### Offices Centrally Located

The new location provides a more central site for the important offices involved in the move from Bldg. 9701-1 at the North Portal as well as for applicants for employment and visitors to the Y-12 Plant Area. Signs along Bear Creek Road direct motorists to the new location and apparently no confusion arose last week from the change as far as job applicants and visitors were concerned. Entrance into the Employment Office and visitors section of Bldg. 9704-2, now being made from the Central Parking Lot, find the visitors passing through a new corridor separating that area from the rest of the Y-12 Plant Area. A large and comfortable reception room awaits them on the northern side of Bldg. 9704-2.

### Employment Adjoins Reception.

On one side of this reception room are the Employment Office interviewing rooms and records for job applicants. On the other side is the quarters for the Clearance and Pass Office. In this section new employees have badge pictures made and visitors obtain their special credentials for admittance to the plant.

Further down the hall are  
Continued on Page 4

## Credit Union Giving Quarterly Statements

### Available At Office In Y-12 Cafeteria

Statements of accounts of members of the Y-12 Employees Credit Union for the second quarter of 1954, March through June, now are available at the office of the Credit Union, on the ground floor of the Y-12 Cafeteria. The statements formerly were distributed with pay checks, but this method has been discontinued in favor of personal distribution to members.

Members are urged to call at the Credit Union office and obtain their statements as soon as possible. The statements not claimed by the end of the month will be mailed to members at their homes.

The office hours of the Credit Union are from 8 a.m. to noon on Monday, Tuesday and Thursday and from 8 a.m. to 4 p.m. on Friday. The office is closed all day Wednesday.

### GOOD WORD FOR UN

The United Nations Trusteeship Council has upheld by a nine to three vote the right of the United States to conduct nuclear tests in the Pacific. The Washington Star reported the action and editorially praised the United Nations for defeating Russia's objection to the tests.

## Second Y-12 Swim Party Proves Highly Enjoyable

(Pictures of Swim Party On Page Four)

Another successful Y-12 Swim Party was held last week at the Oak Ridge Pool with approximately 400 Y-12 employees, wives, children and friends attending the event. Cool weather hampered attendance but a grand time was had by all.

### Treasure Hunt Staged

Several different types of games and contests were staged including the always enjoyable greased watermelon contests for both adults and children. Swimming races and the treasure hunt for youngsters attracted close attention from all groups. Coins were wrapped in aluminum foil and placed in the pool at different water levels, then the youngsters went to work by diving for the loot with a handsome prize being given to the best coin collector.

Goose pimples were common at the cool event but all Y-12ers came away singing praises of the second and last swim party of the summer season. Assisting the Recreation Office with various duties around the pool were several members of the Y-12 Girls Club.

### ELECTRON PRINTING SEEN

Louisiana State University researchers have put radioactive particles to work in a new fine arts process called "electron printing," according to the Associated Press. The process is used to produce unbelievably accurate prints from a radioactive original.

## Surplus Property Sale Set At Warehouse On Saturday

Another surplus property sale providing Y-12ers and other Oak Ridgers an opportunity to buy valuable articles and scrap material, will be held at the Carbide and Carbon Chemicals Co. warehouse on River Road near the Elza Gate Saturday morning, August 21. The sale will be held from 8 a.m. until noon. Large crowds have attended these sales in the past to purchase the wide variety of stock.

### TASTY ENTREES SET FOR SPECIAL LUNCHEONS AT Y-12 CAFETERIA

Delicious entrees are being offered luncheoners at Y-12 on the 50-cent Special Lunch to be served tomorrow, Thursday, August 19, and next Tuesday, August 24. The offering tomorrow will be American chop suey with rice and on next Tuesday the main dish will be salmon croquettes with parsley sauce. The Special Lunches also include a vegetable, choice of salad or dessert and rolls and butter.

## Y-12 Safety Awards Have Been Ordered

### Lawn Chairs Prove Most Popular Article

The majority of the Carbide employees in the Y-12 Plant Area eligible for individual safety awards for having participated in the plant's 11th and 12th Company Safety Periods apparently are looking forward to a lot of lawn sitting and resting next summer. In the recent poll of eligible employees, 4,114 orders for the collapsible and striped canvas-covered chair were placed. The handy socket wrench and screw set was next with 2,931 orders being received for them.

The Safety Department and Purchasing Department has placed orders for the articles chosen by the eligible employees as their choices. It is expected that they will be ready for delivery in about six weeks. Details of the distribution will be announced in The Bulletin when they are determined.

In combining the selection for the 12th Safety Periods, a total of 12,093 articles have been ordered for the individual safety awards. Following the chairs and wrench and screw driver sets in popularity were the TV snack set 1,748; tackle boxes 1,082; two-cup percolator 896; bun warmer 785; and barbecue set 537.

The 11th Carbide Safety Period in Y-12 was established between February 20 and May 5.

## SAFETY SCOREBOARD

## Bands, Calliope Kids To Provide Fun At Circus

Two bands, more than 200 boys and girls, plus a calliope—insure plenty of noise and fun for the sixth annual Playground Circus of the Oak Ridge City Recreation Department to be held at 7:30 o'clock tonight, Wednesday, April 18. The big event will be held at Blankenship Field and will be preceded by a parade through the Jackson Square area beginning at 7:15 o'clock.

### Y-12ers' Children In Circus

Youngsters from each of the city's eight playgrounds, including those of many Y-12ers, will be in the circus cast. Many novel acts and costumes will be presented during the circus, including some of the specialty acts that were presented last year.

Among these specialties will be Douglas Whitaker in a clever rope skipping routine. Nancy Bowman and Nancy Ann Reed also will repeat their outstanding baton and flag act of last year.

The Oak Ridge High School band, directed by Gilbert Scarbrough, will march in the parade. The Oak Ridge Municipal Band, conducted by W. R. McIntosh, will play at the field both before and during the circus. The calliope will perform at each of the city's playgrounds on the day of the circus, at Jackson Square and Grove Center during the lunch hour and also will be in the parade and at Bankership Field.

### Lions Operate Concession

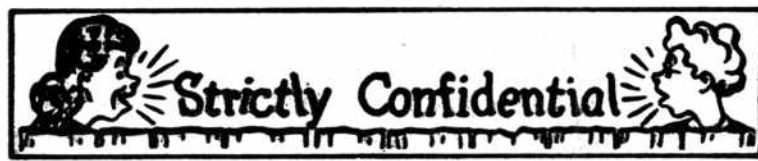

Bill Cobb, of the Y-12 Electrical Maintenance Department, heads a Lions Club committee that will operate concessions at the circus—selling popcorn, peanuts, cracker-jack and balloons. Everything will sell for only a nickel.

The Oak Ridge Wildcat's Den, the Recreation Department's youth center, has been busy for several weeks painting new backdrops for the circus. Den Director "Shep" Launter has been directing this work, assisted by Thelma Kelly, Gerry Terry, Peggy Atkins, Gordon Carver and Dale Rogers.

The following Y-12 employees were patients in the Oak Ridge Hospital last week:

Dennis W. Davis and Monroe Smith, B Mechanical Operations; P. C. Goins, Guard; Ernest A. Marlar and C. F. Jarvis, Field Welding; J. M. Miller, A Mechanical Operations; Lelia C. Leslie, Laundry; E. W. Raabe and A. B. Townsend, SDA Development; L. D. Keele and Anna P. Smith, Production Analysis; Melvin Oldham, Jr., Beta Four Maintenance; B. M. Cox, Electrical Maintenance; C. R. Wall, Fire Prevention and Control; Gerald Holcombe, C Mechanical Operations; Melvin Bundrick Alloy Development Maintenance; Cleveland Cannon, Janitors.

'Tis said the six sweetest phrases in the language are "I love you," "Dinner is served," "All is forgiven," "Keep the change," "Here's that five I borrowed last month" and "Sleep 'till noon." That last one is SO appealing to Ol' Corny, who is vacationing this week.

### TECHNICAL

They just can't keep Gus Angele, Chemical and Industrial Engineering, away from boats. The ex-commodore, or commander or head man of the Oak Ridge Power Squadron vacationed last week and sent The Bulletin a picture card from Kill Devil Hill, N. C., announcing he had been to Baltimore — then sailed down to Carolina after a regatta at Miles River—he also stopped at Nag's Head, N. C. (there really is such a place) . . .

Ruby McCloud, of the Technical Division GHQ, is back from a vacation spent at Cherry Grove Beach.

Project Engineering has Joan Sharp and Doris Thomas on vacation this week.

F. A. McGinnis, Technical Engineering, vacationed last week "up Nawth" — wasn't chilly enough around these here parts.

Health Physics folks were smart — Helen Ivens is vacationing at Miami and around home . . . Eddie Roberts and Sewell Howard went to Daytona Beach . . . G. B. Anderson is hiding out somewhere on his vacation.

Product Analysis sends get-well wishes to Ann Smith and Lacey Keele, both in the Oak Ridge Hospital.

R. E. Austin, T. J. Long and J. W. Cook are vacationing from Mechanical Engineering.

George Marrow is vacationing in Oak Ridge . . . R. K. Bennett and family are on vacation in New England.

### INDUSTRIAL RELATIONS

Friends of George J. McNamee, Y-12 Cafeteria Superintendent, not only in the department but throughout the plant, offer their sincere sympathy to him over the recent death of his father, George J. McNamee, Sr., in Bartow, Fla. Funeral services were held last Friday in the Florida city. The elder McNamee was a frequent visitor to Oak Ridge and was known by many Y-12ers. In addition to his son at Y-12, survivors include another son, James, with the University of Florida at Gainesville, and the widow . . . Thomas Goss is on vacation around Commerce, Ga., and at home . . . Mayme Hundley still is on the sick list and co-workers hope she will be back soon.

Helen Blalock is welcomed to the nursing corps of Medical.

Guard Department vacationers include M. L. Cooper, P. Garrison, M. R. Braden, H. L. Wolfenbarger, R. L. Stansberry, H. L. Montooth, G. E. Gilbreath and G. L. Polliott. Capt. Emmett L. Moore, Fire Department, is vacationing—parts unknown.

Security extends condolences to James "Jiggs" Seivers over the recent death of his grandfather in Clinton.

### MECHANICAL OPERATIONS

The General Machine Shop hung out the "welcome newcomer" sign last week for J. W. Bridges, Marion Atkinson and W. C. King . . . J. F. Stephens is doing some "hup, two, three, four" maneuvering with the Army reserves at Ft. Benning, Ga. . . Congratulations were passed to J. N. Brewer on the birth of a daughter on August 12 . . . Kathleen Milligan had Mr. and Mrs. S. L. Price, from Rogersville, Tenn., as guests last week. . . The department extends deepest sympathy to B. F. Jones over

the recent death of his mother, Mrs. C. W. Jones, at Saltville, Va. . . Ray Hill has as visitors at his Clinton home Mr. and Mrs. Glen Hill, from Flat River, Mo. . . Vacationers include C. Sharpe in New York City, T. H. Miller in Knoxville and G. B. Borella in Phenix City, Ala., (sorta dull down that way, ain't it?)

It's not the number of square miles that make a country great—it's the number of square men.

### MAINTENANCE

The W. H. "Kayo" Montgomery-A. T. Wallace boating mix-up recently had the department chuckling. Seems as how Kayo borrowed Wallace's craft for a camping trip to a Norris Lake island—returning to the dock the next day and unknowingly passing Wallace on the way to visit the Montgomery camp in a borrowed boat. While at the Norris boat dock Montgomery detached his motor from Wallace's boat—returning later to find the boat missing, but the motor lying on the dock. Peevishly puzzled, Montgomery rented another boat to return to the campsite—there he met Wallace who was as puzzled as Kayo. They returned to the dock and found that Mrs. W. had appeared on the scene—and, seeing the family boat unattended had taken the muchly travelled craft overland to Watts Bar Lake at Kingston. Whether Montgomery and Wallace walked home is not known . . . Evan Means is vacationing in Chicago this week . . . Other vacationers include H. R. Bailey, J. H. Jones and the afore-said A. T. Wallace . . . W. O. Conant, a recent newcomer to the department, has moved his family to Oak Ridge from Georgia . . . A welcome was out for T. R. Keirn, the department's latest freshman. . . Folks down there are glad to hear that M. D. Story is recovering from his operation and is expected back on the job soon.

W. M. "Bill the Golfer" Reynolds, of Planning and Estimating, was a Chattanooga vacationer last week . . . The department enjoyed a picnic at Concord last week with all the trimmings . . . D. D. Stroud vacationed at his North Carolina home.

Transportation and Buildings and Grounds reports W. T. Bradshaw is vacationing in Tampa, Fla., for a couple of weeks . . . Others vacationing but whereabouts unreported are P. Y. Miller, P. M. Alford, C. F. Fuque, B. Jordan, F. J. Bates, P. E. Brownfield, W. M. Farr and C. B. Hopkins.

A. S. Neubert and Don Matlock, Research Services were vacationers last week.

### CHEMICAL

The Chemical Department sends word that Hazel Lemons is spending a vacation at her Sweetwater, Tenn., home with her son, who is home on an Army leave . . . H. A. Reed is visiting in Connecticut . . . Other vacationers who got away before telling destinations include J. A. Christmas, A. W. Greek, A. E. May and E. W. Murray.

George W. Sharp, Uranium Processing, has a sweet and juicy vacation chore of working in his watermelon patch at Andersonville while vacationing . . . P. A. Copeland is vacationing with his youngsters in Oak Ridge.

### ALLOY

Vacationers are well distributed —C. R. Hudson at Daytona Beach . . . K. L. Elkins fishing around Jacksboro . . . J. P. Rudd reunioning with his family at Memphis with a brother from California and a sister from Missouri . . . E. J. Yearwood in Knoxville . . . R. B. Stonecipher in Georgia . . . S. C. Blitzzblau on Long Island, N. Y. . . I. M. McPeters in Lancaster, Pa.,

Mrs. Edwin Roy Robinson

Mrs. Earl L. Brown

and attending the big national convention of the American Legion in Washington, D. C. . . R. S. Buckley in Memphis . . . Nancy Stutts is back from a camping trip at The Chimneys in the Smokies . . . New arrivals for departmental folks saw cigars doled out by Jim Turley as a result of the birth of young Timothy on August 10, weighing seven and one-half pounds; and congratulations to the previously mentioned R. S. Buckley on becoming a grandpaw on the same date—it was a girl.

### MANUFACTURING OFFICE

Technical Information's Dot Connor and Betty Rose entertained the new bride, Terry Keener Brown, at a miscellaneous shower August 10 in Knoxville . . . Dot Connor has as guests from Memphis, Mr. and Mrs. Wendell Phillips and their son, Wendell, Jr.

Birdie Fitzgerald, of the Time Office, is vacationing in Oak Ridge.

V. E. Kidwell is a newcomer to Stores to receive a welcome hand.

Sue Gragg, of the Cashier's Office, vacationed recently at Standing Stone State Park near Cookeville . . . T. A. Williams rested in Florida . . . Earl Goode still is receiving congratulations over that new daughter.

Paul Snodgrass, Receiving and Shipping, was a Texas vacationer last week . . . Pat Keener and J. E. Kimblin are vacationers this week.

Prolific Property Sales prognostications report complications over a locker deal between "Doc" Miller, Hicks and Pace ended in an "all's well" situation . . . Smiling faces of S. Thomas and George Sloan, vacationers at unknown hideaways, are missed . . . Troubles arose recently for the "landed gentry" represented by J. J. Jenkins, Jr., who had to take a week's vacation and a trip to Indiana to discover a surveying error lopped 14 acres off his Kingston estate—trimming it from 71 to 57 acres . . . Fishing really must have been terrible of late when such a piscatorial artist of renown such as C. "Carp Hole" Butler came back empty handed from two forays among the finny tribe . . . Ross Eichorn's son, Jimmy, is home on

Continued on Page 4

### ROBINSON-ROGERS

Of social interest to the many Y-12 friends of the couple was the marriage on Saturday, August 14, of Miss Annie Shirley Rogers, of the Production Assay Department, and Edwin Roy Robinson, of Field Maintenance. The ceremony was performed at 4 p.m. at the First Baptist Church of Oak Ridge with the pastor, Dr. Madison Scott, officiating.

The bride is the daughter of the late Mr. and Mrs. J. D. Rogers, of Belton, S. C. Parents of the groom are Mr. and Mrs. Roy L. Robinson, Benton, Tenn.

Austin William Campbell, of Belton, S. C., uncle of the bride, gave her in marriage. During the ceremony nuptial music was provided by Mrs. Madison Scott, organist; and Mrs. T. L. Boggs, soloist.

At her wedding the bride wore a street-length dress of sky-blue lace and her flowers were white gardenias.

Miss Annie Laurie Campbell was maid of honor. She wore a dress of mauve lace and her flowers were orchids and gardenias.

Thomas L. Boggs, of Oak Ridge, acted as best man. Ushers were Glen Wright, Oak Ridge, brother-in-law of the groom; and Gordon Shirley, Atlanta, Ga., cousin of the bride.

The bride attended Belton, S. C., High School and Anderson College. Robinson attended Benton, Tenn., High School.

The couple will live in Oak Ridge.

### BROWN - KEENER

The marriage of Miss Terry Ann Keener, of the Y-12 Production Inspection Department, to Earl L. Brown, United States Navy, was solemnized on the night of July 10. The wedding took place at the First Baptist Church, Lenoir City, with the Rev. A. A. Carlton, pastor, officiating.

The bride is the daughter of Mr. and Mrs. Curtis T. Keener, of Lenoir City. Mrs. Elmore Terry, also of Lenoir City, is mother of the groom.

The couple plan to live in San Diego, Cal.

Only one Y-12 employee was reported as being a father of a baby born last week at the Oak Ridge Hospital. He was R. H. Pletz, of the Superintendents Department, who became father of a boy on August 10.

## Camera Club Members Plan For Outing And Picnic

Members of the Carbide Camera Club, composed of Carbide employees in all three Oak Ridge installations of the Company, are looking forward to the annual outing and picnic set for Sunday, August 29, at Cumberland State Park near Crossville, Tenn. A. A. Palko, president of the club and a Carbide employee in the Y-12 Plant Area, is expected to announce full details of the affair in next week's edition of The Bulletin. Meanwhile, all members are preparing their camera and other photographic equipment for the trip to one of the state's most scenic spots. Many pictures made on the outing probably will be entered in future contests held monthly by the club.

Stay right—stay on the right.

# CARDS SET FOR STATE MEET—ROBINS ADVANCE

## Recreation Office Issues Call For Bowlers To Fill Many Spots Open In Various Leagues

MEMBERS OF THE GOPHERS TEAM OF THE Y-12 PLANT LEAGUE, champions of the first half of the season, are shown above. Inserted in the top row are Palo O'Neal and Bill Stanton, while below from left are Fes Lowry, Art Hines, Logan Emlet (putting) and Jake Burchfield.

## Rough Riders March To First Place In Popular Y-12 Plant Golf League

The improving Rough Riders marched to first place in the Y-12 Plant Golf Loop last week by winning 12 big points from the hard fighting Grand Slammers. The Rough Riders now have 30 wins against 18 losses. The Rippers also went on a rampage by taking 11 tallies from the Gophers, first half champs of the league, while the Hooks and Fat Boys tangled in a fine match with the Hooks emerging victorious by the score of 10 to 6. The Chippers enjoyed an off day as they were scheduled to meet the Plugs, who have dropped from the circuit.

Arthur Hines, one of the most talented golfers in Y-12, took low net honors by shooting a 39 while Jim Patterson, of the Hooks, Jack Spears, of the Rippers, and Jake Burchfield, of the Gophers, each had a 34 net to share honors in this event.

The schedule for Wednesday, August 18 finds the Rippers vs Chippers, Rough Riders vs Plugs, Fat Boys vs Gophers and Hooks vs Grand Slammers.

League standing follows:

Team	W	L
Rough Riders	30	18
Chippers	25	7
Rippers	23	9
Hooks	22	26
Fat Boys	21	27
Gophers	20	38
Grand Slammers	12	36

## 10 Years Service

Congratulations to the following Y-12 employees who will complete 10 years of Company service within the next few days—

Ollie B. Morris, Laundry, August 19.

Glen Stones, Janitors, August 19.

Soloman T. Burrell, Transportation, August 21.

Edward K. DeLong, Electrical Maintenance, August 21.

Willie Gibson, Janitors, August 22.

Theodore P. Sprauge, SDA Development, August 22.

Taylor L. McCreary, Electrical Maintenance, August 22.

William J. Wiggins, Uranium Processing, August 24.

James R. Mangrum, Product Processing, August 24.

George B. Lockhart, Project Engineering, August 24.

Lee R. Bailey, Uranium Processing, August 25.

As things go in these troubled times—just showing up on Monday mornings on time sometimes is a success story in itself.

"More bowlers needed," both men and women, is the call from the Y-12 Recreation Office.

Several spots are open in the various Y-12 bowling leagues and they must be filled by August 30 in order to start rolling the first week in September. Bowling has always been one of the top participation sports in the plant and the Recreation Office is going all out to make this season the best in the history of Y-12.

### B League Ready To Go

Organizational meetings for four leagues were held last week with the B League getting set and ready to go. September 2 was set as the starting date at the Oak Terrace alleys. Officers of the circuit will be Harold Ratjen, president; Ernie Cobble, vice-president and Elmore Koons, secretary and treasurer. The B League will roll each Thursday at 6 p.m. The Cubs, captained by Charley Green, were champions of the loop last season.

Teams represented and captains of the B League present at the meeting were, Bldg. 9211, Jim Haggard; Bumpers, Avery Kendig; Has Beens, Jack McLendon; Rebels, George Riddle; Cubs, Charley Green; Rippers, Elmore Koons; All Sars, Paul Petretsky; Tigers, L. E. Sikes; Wasps, Cecil McCoige; Swingsters, Herb Gwinn; and Strikers, Carl Frazier.

### C Loop Wants Two Teams

The C League is seeking two more teams and another organizational meeting has been set for 10 a.m., on Monday, August 23, in Room 207, Bldg. 9704-2. Teams and representatives present at the meeting held last week included, Screw Balls, H. O. Runge; Rusty Five, Clyde Bowles; Glass Arms, Dave Blessing; Hot Wires, L. E. Sikes; and a new team, the Electrons, captained by H. Tillery. George Schaefer also is placing a team in the C League but a name for the team is undecided at the present time.

Plans for the D League and the Mixed League are indefinite with further organizational meetings scheduled for each group.

The D League will meet at 3 p.m., Monday, August 23, Room 207, Bldg. 9704-2. The Mixed League will meet again at 10 a.m. Tuesday, August 24, Room 207, Bldg. 9704-2. Three teams are definitely in the Mixed Loop, the Rams, captained by Evelyn Tucker; Pin Balls, headed by Peggy Cowan and Drop Outs, captained by Juanita Reed. Two men and two women compose a team in the Mixed League—so all you guys and gals get a combination and join in the fun at the alleys.

## Y-12 Orioles Win City Slo Pitch Tilt

The Y-12 Orioles won a victory the easy way via the forfeit route last week in the Oak Ridge Slo Pitch League from the Oak Ridge National Laboratory softballers. This game ended the regular season for the Orioles but Manager Andy Anderson and his charges are looking forward to the slo pitch tournament which is scheduled to be held during the City "B" Tourney starting August 26.

### PARTHENON IN NASHVILLE

The state of Tennessee publicity department points out that the only exact replica of the Parthenon, located in Centennial Park in Nashville.

Slow down at sundown.

## Y-12 Men Face Knoxville Champs

### 10 Top Teams In State To Play In Oak Ridge

The Y-12 Cardinals are set and ready to go in the men's state softball tournament which will be held in Oak Ridge at Midtown No. 1 Field beginning on Thursday, August 19 and continuing through Monday, August 23. The Cards automatically entered the state tourney by winning the championship of the Knox-Ridge League and is the host team for the tournament. Drawings for the state tournament were made last week in Chattanooga and the Y-12 men are slated to face the champions of Knoxville at 8 o'clock on Thursday night, August 19.

### Best Teams Appear

The best softball teams in the state including last year's champs, Chattanooga Wreckers, which are playing under the name of Tennessee State Automobile Association this year, will be in the big event. Other well known teams such as Shelbyville, K-25, Chattanooga District Champs, Nashville District Champs, Clinton District Champs, East Tennessee District Champs and the Knoxville Champions will also compete for the coveted state title.

All in all, it looks like a big week of softball for Y-12ers and every softball fan in the plant is expected to turn out to help the Cardinals bring home the first state softball championship in the history of sports in Y-12.

Many United States businesses have been going continuously for more than 200 years. One of the oldest is a Philadelphia malting company that dates back to 1687 and now is under the management of the ninth generation of the founding family.

## Y-12 Women Blast Way To State Finals

### Varsity Lassies Nip Nashville, Johnson City

As of press time last Monday the Y-12 women's varsity softball team, better known as the Robins, had turned in two fine victories in the women's state softball tournament in Knoxville. The two wins placed the varsity lassies in the finals with high hopes for winning the state title and then competing in the regional meet which will also be held in Knoxville starting within the next few days.

### Robins Hit Hard

The first win for the Y-12 women came at the expense of the Nashville Coffettes, last year's state champs, by the score of 8 to 5. The Robins were hitting the ball and scored seven runs in the second inning to coast in with the win. Ella Mae Koontz went all the way on the mound. Ruby O'Kain, Kay Pressley and Baby Ray led the Y-12 lassies at the dish by getting two hits each. Sneed led the Coffettes by slamming out four base hits.

The second win for the Robins was over Johnson City by 24 to 1 in a slugfest from start to finish. The game was called in the sixth inning as the Y-12 lassies were making a runaway of the game. Everyone got in on the hitting act in this tussle with Bonnie Roberts and O'Kain belting out three hits each. Koontz and Helen Hobson shared the mound work for the Robins, with seven strikeouts being recorded for the two hurlers.

Line scores follow:

Team	R	H	E
Nashville	112	001	0—5 11 3
Robins	070	010	x—8 10 4
Koontz and Roberts. Barnes and Allen.			
Johnson City	000	10x	x—1 1 3
Robins	206	016x	x—24 14 2
Koontz, Hobson and Roberts. Blevins and Shell.			

## Bombers Jump To Top Spot In Y-12 Plant Softy Loop

### 49ers Bow To Maintenance By 13 To 9; Playoff For League Championship Probable

The Bombers jumped from third place to the top spot in the Y-12 Plant Softball League last week by taking a 6 to 1 win from the previous league leading 49ers. The Bombers now have an excellent chance to win the second half championship in the loop which would provide for a playoff with the 49ers, first half champs of the league, to determine the circuit champions for the season.

The Bombers got two runs in the first frame and led all the way. Gib Hatmaker hurled a six hitter while Pat King paced the winners at the plate by collecting three base knocks. Sewell Brown and Jack McLendon led the 49ers with a pair of bingles each.

### 49ers Bow To Maintenance

Other games in the plant loop saw Maintenance whip the 49ers 13 to 9 in a slam bang battle. The Maintenance lads turned in an impressive game by getting 10 hits and not committing a bobble. Faris, Walker and Murph got two hits each for Maintenance.

The 49ers also managed to win a contest from the Engineers by 25 to 0 in a lop-sided affair. The

winners blasted out 12 runs in the first frame and were never headed. Ed Sise chunked a two hitter while E. M. Miller cracked out four hits to lead the winners.

Line scores and league standing follows:

Team	R	H	E
Engineers	000	000	0—0 2 1
49ers	1203	316	x—25 20 2
Beach and Lawson. Sise and Dodson.			
49ers	222	03x	x—9 10 2
Maintenance	730	21x	x—13 9 0
Law and Miller. Argo and Montgomery.			
Bombers	200	030	1—6 9 0
49ers	000	001	0—1 6 0

### ATOM COURSES URGED

In a talk at Kansas City, Mo., reported by the Kansas City Star, Dr. George L. Glasheen, of the Atomic Energy Commission services branch, suggested that because of its special forces, atomic energy should be stressed in all school courses and not just in isolated courses.

## Every Possible Step Urged To Eliminate Abandoned Refrigerators As 'Death Traps'

Everything possible should be done to eliminate the hazard of abandoned refrigerators to children. These repeated occurrences year after year takes the lives of innocent small children.

Since 1948 the total recorded deaths from suffocation in discarded refrigerators and ice boxes number 89, with 29 of these deaths occurring in 1953. The first four months of 1954 show a decided increase over the same period for the previous year. Here is the record for the two years.

Month	1953	1954
January	0	0
February	0	2
March	0	0
April	1	3
Total	1	5

There seems to be a tendency for these "death traps" to hit their peak toll during the summer months of August and September. An even dozen children lost their lives in August and six died in September of 1953. What will these figures be in 1954? Out of the 50 or 60 million refrigerators now in use, approximately 2,000,000 are being discarded each year. This is a far greater menace to children than the majority of people realize.

"Operations Death Trap" was the name applied to a recent drive put on in Madison, Wis., to rid the city of this menace. Boy Scouts made a survey of the city to warn home owners and others of the dangers of discarded refrigerators and reported their findings to police. At the end of the survey, police followed up the reports

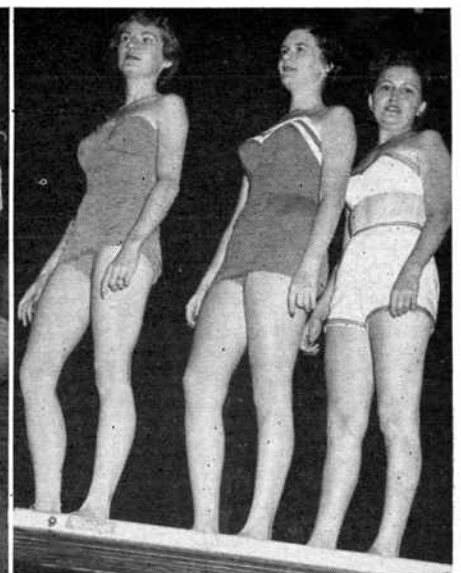

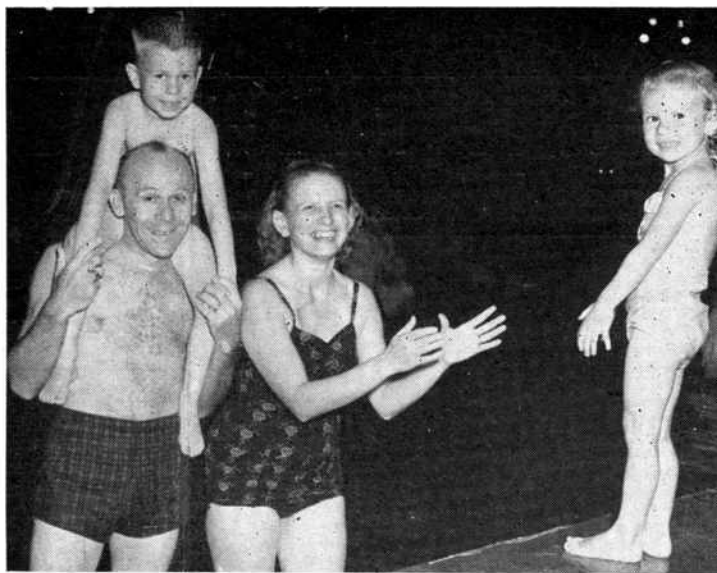

and removed the refrigerators or removed locks.

New York and Michigan are two more states which recently adopted laws prohibiting the abandonment of refrigerators or ice boxes without first removing doors, hinges or locks.

Every effort should be made to not let one of these "death traps" take the life of a child of a Y-12 employee . . . and let's do more in 1954 to keep children alive in 1955.

### Safety Precautions Urged In Construction Vicinity

Any Carbide employee who has occasion to enter construction areas in the Y-12 Plant Area should conform to the construction company's safety requirements with regards to use of head and eye protection. Such areas generally are posted where protection is required, but good safety practice makes it mandatory that hard hats be worn in the immediate vicinity of any major construction activities. Safety goggles and glasses also should be available for eye protection in these areas.

**DESPITE GOOSEPIPLY WEATHER, A LOT OF Y-12ERS AND MEMBERS OF THEIR FAMILIES HAD A BIG time at the last Swim Party of the season held last week. At left above C. E. Legg, of Product Processing, his wife and son John and daughter Linette thoroughly enjoyed the shindig. At right daring young dames on a diving board display plenty of pulchritude at the party, from left being Virginia Copeland, wife of P. A. Copeland, Uranium Processing; Sue Wassom, Personnel Records; and Lucille Hatmaker, Manufacturing Office. Shown below are a group of Y-12 Girls Club members who assisted the Recreation Department in making the party a big success. From left they are Sue Wassom, Peggy Crews, Marjorie Yates, Mytrice Wylie, Virginia Boswell and Desma Blair.**

## Personnel Department Moved To Bldg. 9704-2

**Continued from Page 1**  
rooms for developing and printing the badge pictures and processing the badges themselves as well as for storing other records of the Clearance and Badge Office. The Y-12 Photographic Section also is being located in this section of the building, which is separated from the western wing by a Guard Department post to prevent any unauthorized person entering the plant.

### Many Important Records Kept

On the inner side of the northern wing of Bldg. 9704-2 are more offices for Wage Standards, Personnel Records and the Insurance and Hospitalization Office, in each of which are kept many important records of Y-12 employees. The Personnel Records Office is located in a spacious vault and the others in nearby quarters.

In the entire change only one telephone number of offices involved in the move was changed. This is for the Personnel Records Department. The new number is 7-8411. Old numbers replaced by the new line are 7633 and 7489.

### REDS SEND MORE COPS

Word has been received at Bonn, Germany, says Newsweek Magazine, that Moscow has hastily ordered extra police to uranium mining areas in East Germany to quell recent disorders among mine workers who rebelled after East German authorities had boosted mine production quotas.

The Great Smoky Mountains contain more than 130 native tree species, an equal number of woody shrubs and vines and 1,400 varieties of herbaceous flowering plants.

**One Rider Wanted**—From North Knoxville to East Portal, straight day. R. D. Satterfield, plant telephone 7946, home telephone 3-5243, Knoxville.

## Carbide Wives Will Hold Monthly Card Party Tonight

The monthly meeting of the Carbide Wives will be held at 7:30 o'clock tonight, Wednesday, August 18, in the East Lounge of the Ridge Recreation Hall. Bridge, canasta and bingo will be played; refreshments served and prizes awarded winners. All Y-12 members of the organization and wives of all Y-12 employees are invited to attend the session.

The executive board member in charge of the meeting will be Mrs. Shipley Johnson. Mrs. L. G. Overholser and Mrs. L. S. Koontz, whose husbands are Y-12ers, are among the hostesses. Other hostesses are Mesdames R. G. Nicol, K. E. Rapp and S. J. Wheatley.

**That's about it—folks. Do you know the hardest time to get the baby to sleep is after she reaches 18? (Naw, I didn't think it was so good, either.)**

## Y-12ers Invited To Attend Meeting Of Physics Seminar

Y-12 technical and scientific personnel interested in meetings of the Oak Ridge Physics Seminar are invited to attend the weekly meeting of the group to be held at 3:15 o'clock Friday afternoon, August 20. The session will be held in the auditorium of Bldg. 4500, Oak Ridge National Laboratory. The speaker will be Max Goodrich, a summer worker at ORNL from Louisiana State University. His subject will be "The Measurement of Beta Ray by Bremsstrahlung."

**CONSIDERED ONE OF THE MOST REMARKABLE PAIR OF PHOTO-**  
graphs ever published in the 10 years of existence of The Y-12 Bulletin are these pictures printed on November 16, 1948. The youth is George Reece, son of Y-12er John Reece, of the Mechanical Operations Division. Young George's pets are Oscar, the squirrel; Laddie, the dog; and Christopher, the cat. The pictures were made by the late John Ramsey, a former Y-12er.
